

Career Guidance and Placement Policy

The college provides placement support to the students on completion of their programmes.

A **Career Guidance and Placement Cell** is constituted with a full time Placement Officer who liasons with reputed companies to visit the campus.

Objectives:

- **Career Awareness:** To make students or employees aware of various career opportunities.
- **Skill Development:** To equip them with the necessary skills (technical, soft, and managerial).
- **Placement Assistance:** To help candidates secure internships or jobs

Guidance Programs:

- **Workshops and Seminars:** On career planning, resume writing, interview skills, etc.
- **Mentorship Programs:** Connecting students with experienced professionals.
- **Career Counseling:** Guidance to discuss career paths, industry expectations, and personal goals.
- **Industry Visits and Talks:** Providing real-world exposure through industry interactions.

Feedback is obtained from these companies from time to time to ascertain the gap between college curricula and industry requirements thereby to upgrade the students' training to make them industry-ready.
