About Koha

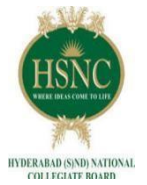

The Koha ILS provides a number of features that make it easier for libraries to operate :

Online catalog: The online catalog allows patrons to search the library's collection from anywhere by title, author, subject, and other criteria

The screenshot displays the Koha library catalog interface. At the top, there is a navigation bar with 'koha' and 'Cart Lists'. A search bar contains the keyword 'einstein'. Below the search bar, the results page shows 'Your search returned 17 results.' The first result is 'Einstein in Love : a Scientific Romance' by Overbye, Dennis. The interface includes a 'Refine your search' sidebar on the left with filters for Availability, Authors, Collections, and Item types. The main content area shows the search results with options to 'Place hold', 'Save to lists', and 'Add to cart'. The browser's address bar shows the URL '114.143.218.18:7070/cgi-bin/koha/opac-search.pl?idx=&q=einstein&weight_search=1'. The Windows taskbar at the bottom shows the system tray with the date '20-04-2023' and time '09:12'.

Circulation system: The circulation system allows patrons to check out and return books, and renew books
